Frank:

I am writing this letter in hopes that when we work together with our talents, gifts we can accomplish great things. I also wanted to thank you for The Save a Life Tour program; that is develop by Matrix Entertainment. I have had the pleasure of working directly with you and your field presenters with the Save a Life Tour at many Missouri high schools. Frank thank you for your willingness to schedule over 30 high schools within 4 counties in the St. Louis region with MoDOT in the last three years. Thank you for your help in scheduling one additional county of 11 high schools and 1 college for the KMA Foundation awarded grants in 2016 and 2017. As we wrap up our 2017 grant with our last high school of spring on March 21, 2019, we will have completed 23 tours within this county. KMA is looking forward to working with the Save and Life Tour and MoDOT and East-West Gateway and others with ten high schools in 2019. KMA hopes to be awarded another grant in 2019 that will allow us to continue our awareness with in Jefferson County for 2019-2020 as we continue to team up to save young lives. Frank with the Help of your staff and MoDOT and others this will continue to allow our foundation to bring Kaela's awareness with your great program, with in the whole St. Louis Region of MoDOT. Our hope is to bring these programs beyond this region so others will have the chance to learn the awareness of safer driving. Frank you have not just found the patience to be flexible to work with my daughters foundation, while we spread what I believe she would have brought to the table, but more importantly you have taken the time to listen to a father's broken heart that needed just an ear and I sincerely thank you for that. I personally have heard my share of stories of lost lives, as I am ask the question, how do you cope with the loss of a daughter as well as the appreciation from administrators, teachers and students of how much these programs do work and are so needed for all of us that get behind the wheel, being a driver or passenger. Just know KMA Foundation will continue to team up saving lives.
